

GRANT OPPORTUNITIES

Agency Name: National Institutes of Health

Funding Opportunity Number: PA-13-077

Title: Behavioral & Integrative Treatment Development Program (R01)

Application due dates: Standard dates apply (aim for June 25th cycle or refer to FOA)

Summary

The purpose of this FOA for R01 applications is to encourage behavioral intervention development research to test efficacy, conduct clinical trials, examine mechanisms of behavior change, determine dose-response, optimize combinations, and/or ascertain best sequencing of behavioral, combined, sequential, or integrated behavioral and pharmacological treatment interventions. Research of interest includes but is not limited to Stage II and Stage III efficacy research.

Link to Additional Information

<http://grants.nih.gov/grants/guide/pa-files/PA-13-077.html>

Agency Name: National Institutes of Health

Funding Opportunity Number: PAR-13-056

Title: Dissemination and Implementation Research in Health (R03)

Application due dates: Standard dates apply (aim for June 16th Cycle or refer to FOA)

Award Ceiling: \$50,000

Eligible applicants: Non-domestic (non-U.S.) Entities (Foreign Institutions) are eligible to apply. Non-domestic (non-U.S.) components of U.S. Organizations are eligible to apply.

Summary

This Funding Opportunity Announcement (FOA) encourages investigators to submit research Grant applications that will identify, develop, evaluate and refine effective and efficient methods, systems, Infrastructures, and strategies to disseminate and implement research-tested health behavior change interventions, evidence-based prevention, early detection, diagnostic, treatment and management, and quality of life improvement services, and data monitoring and surveillance reporting tools into public health and clinical practice settings that focus on patient outcomes.

<http://grants.nih.gov/grants/guide/pa-files/PAR-13-056.html>

Agency Name: National Institutes of Health – National Heart, Lung, and Blood Institute

Funding Opportunity Number: PAR-13-128

Title: Investigator Initiated Multi-Site Clinical Trials (Collaborative R01)

Application due dates: Standard dates apply (aim for June 5th Cycle or refer to FOA)

Eligible applicants: Non-domestic (non-U.S.) Entities (Foreign Institutions) are eligible to apply. Non-domestic (non-U.S.) components of U.S. Organizations are eligible to apply.

Summary

The support of multi-site clinical trials is one strategy NHLBI uses to improve the understanding of the clinical mechanisms of disease and to improve prevention, diagnosis, and treatment. The purpose of this Funding Opportunity Announcement (FOA) is to provide a vehicle for submitting grant applications for investigator-initiated multi-site randomized controlled clinical trials. This Funding Opportunity Announcement is not intended for support of single-center studies or multicenter observational studies that are not testing an intervention.

Link to Additional Information

<http://grants.nih.gov/grants/guide/pa-files/PAR-13-128.html>

Agency Name: National Institutes of Health

Funding Opportunity Number: PAR-13-131

Title: Understanding and Promoting Health Literacy (R03)

Application due dates: Standard dates apply (aim for June 16th Cycle or refer to FOA)

Award Ceiling: \$50,000

Eligible applicants: Non-domestic (non-U.S.) Entities (Foreign Institutions) are eligible to apply. Non-domestic (non-U.S.) components of U.S. Organizations are eligible to apply.

Summary

The goal of this program announcement is to encourage methodological, intervention and dissemination research for understanding and promoting health literacy. Health literacy is defined as the degree to which individuals have the capacity to obtain, process, and understand basic health information and services needed to make appropriate health decisions (Ratzan and Parker, 2000).

Agency Name: Kenya USAID-Nairobi

Funding Opportunity Number: RFA-615-13-000003

Title: Accelerating Progress Against TB (APA-K)" in Kenya.

Current closing dates for applications: Apr 01, 2013

Award Ceiling: \$40,000,000

Eligible applicants: In response to this RFA, only local Kenyan organizations are eligible to apply. See RFA for eligibility criteria.

Summary

The United States Agency for International Development (USAID) is seeking applications for a Cooperative Agreement to provide funding in support of a program entitled "Accelerating Progress Against TB (APA-K)" in Kenya. The main objective of this program is to extend access to quality-assured TB services in all districts and for all forms of TB, through the identification and implementation of evidence-based activities that support and/or complement the activities of the Government of Kenya's Division of Leprosy, TB and Lung Diseases.

Agency Name: Centers for Disease Control and Prevention

Funding Opportunity Number: CDC-RFA-GH13-1322

Title: AIDS Relief plan: Tanzania

Current closing dates for applications: Apr 09, 2013

Award Ceiling: \$10,000,000

Eligible applicants: Local indigenous institutions of higher education, Local indigenous not-for-profit organizations, Local indigenous regional organizations, Local indigenous parastatal organizations, Local indigenous hospitals, Eligible Agencies of the local and union government, Local indigenous faith-based and community-based organizations, Consortiums whose memberships consists only of any of the above local indigenous applicants

Summary

The goal of this program in Tanzania is to increase the number of local partner(s) with capacity to achieve expansion of activities to maximize coverage through quality comprehensive HIV services. The objectives include: • By 2018, the percentage of adults and children alive and on treatment 12 months after treatment initiation to increase from 67% to 85%. • By 2018, the percentage of HIV positive pregnant mothers initiated on ART through prevention of mother to child transmission (PMTCT) to increase from 14

to 98% as a result of implementation of option B+. • By 2018, the percentage of TB/HIV co infected individuals tested and treated with ARVs to increase from 40% to 90% due to full adoption of WHO 2010 treatment guidelines. • By 2018 the retention of HIV positive patients in care and treatment to increase from 67% to 85% through improved adherence counseling and proper linkages, referrals and patient tracking. • By 2018, individuals confirmed with HIV positive test result from HIV testing and counseling sites and successfully linked to care and treatment services to increase from 60% to 80%. • By 2018, the District and Regional Health Management Teams have an improved ability to plan, implement, and manage a HIV program, as demonstrated by the ability to lead 100% of quarterly partner coordination meetings and to increase their annual URT budgets to absorb 25% PEPFAR supported staff.

Agency Name: National Institutes of Health; National Institute on Alcohol Abuse and Alcoholism (NIAAA)

Funding Opportunity Number: PA-13-120

Title: Research on Alcohol and HIV/AIDS (R03)

Application due dates: Standard dates apply (aim for June 16th Cycle or refer to FOA)

Eligible applicants: Non-domestic (non-U.S.) Entities (Foreign Institutions) are eligible to apply. Non-domestic (non-U.S.) components of U.S. Organizations are eligible to apply.

Summary

This Funding Opportunity Announcement (FOA) is intended to appeal to a broad audience of alcohol and HIV/AIDS researchers, including alcohol researchers with no prior experience in HIV/AIDS research but

with a keen appreciation for the relationship between problem drinking and HIV/AIDS and a strong interest in acquiring such experience; HIV/AIDS researchers with no prior alcohol research experience who realize the importance of more intensive alcohol interventions to improving clinical outcomes among HIV-infected individuals; and those with prior research experience in the area of co-occurring HIV/AIDS and alcohol and other substance abuse.

Agency Name: Centers for Disease Control and Prevention

Funding Opportunity Number: CDC-RFA-GH13-1332

Title: Accelerating Delivery of Comprehensive HIV/AIDS in High Prevalence, Underserved Districts in the Republic of Uganda under PEPFAR

Award Ceiling: \$3,848,718

Current closing date for applications: Apr 05, 2013

Eligible applicants: Non-domestic (non-U.S.) Entity.

Summary

Under the leadership of the U.S. Global AIDS Coordinator, as part of the President's Emergency Plan, the U.S. Department of Health and Human Services' Centers for Disease Control and Prevention (HHS/CDC) works with host countries and other key partners to assess the needs of each country and design a customized program of assistance that fits within the host nation's strategic plan and partnership framework.

Agency Name: USAID/DFID

Title: The USAID/DFID Humanitarian Innovation Initiative

Dates: The deadline for Letter of Interest applications is **April 12, 2013** at 11:59pm EST.

Summary

An Open Call for Applications

Entrepreneurs, businesses, non-governmental organizations, academics, local partners, and others from around the world are encouraged to apply to DIV with innovative solutions to key challenges faced by the humanitarian sector (no special activity is required of applicants to identify themselves as Humanitarian Innovation Initiative applicants).

Link to additional information:

<http://www.usaid.gov/div/Humanitarian-Initiative>

Agency Name: ReSource Award

Title: ReSource Award for Sustainable Watershed Management

Application Due Date(s): 30th April 2013

Summary

NGOs invited to apply for the International ReSource Award: \$150,000 grant opportunity

NGOs, private, scientific or public institutions and similar bodies are invited to apply for Swiss Re's 2014 International ReSource Award for Sustainable Watershed Management which provides grants of up to US \$150,000 to projects in developing and transition countries. The award is a result of Swiss Re's commitment to water protection projects in the face of a grave need for sustainable access to clean water supplies in developing and emerging countries.

Agency Name: The United States Agency for International Development (USAID)

Funding Opportunity Number: APS-OAA-13-000003

Title: FY2013 GLOBAL DEVELOPMENT ALLIANCE (GDA) ANNUAL PROGRAM STATEMENT (APS)

Current Closing Date of Applications: Jan 31, 2014

Eligible applicants: Public and State controlled institutions of higher education; Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education; Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education; Private institutions of higher education

Summary

The Annual Program Statement (APS) for the FY2013 Global Development Alliance is inviting the private sector for a mutually beneficial partnership where resources from both the parties will be leveraged equally leading to an increase in the sustainable impact of development assistance programs. Apart from the private sector, USAID has also opened the invitation to submit project ideas that reach out to the private sector and explore ways in which collaboration might help all the partners to more effectively solve key problems, advance respective interests and achieve far greater development results and impacts. USAID will consider alliance concept papers as they arrive throughout the issuance period of the APS. However, resources are limited and we expect a significant number of submissions. The earlier a concept paper is received the greater the chance that funding might be available. The APS is issued annually and is open from date of release in 2013 until January 31, 2014

Agency Name: Internet Society

Title: Community Grants Programme

Application Due Date(s): This application call closes on 1 April 2013

Eligible applicants: Individual members can apply, or an entire local Chapter can work together

Summary

The Community Grants Programme is one of the ways the Internet Society is ensuring the Internet is for everyone. Each year, a number of projects around the world receive funding from the Internet Society to do everything from connecting Sri Lankan farmers with up-to-date sustainable agriculture information, to teaching ICT skills to at-risk youth in Africa, to working with local engineers to further their IPv6 implementation knowledge. These projects are planned and brought to life by its members. If you are an Internet Society member, you could receive up to 10,000 USD towards a project of your own. Individual members can apply, or an entire local Chapter can work together. Twice a year, a committee carefully looks at the project proposals and chooses which ones to fund.

Agency Name: Buckminster Fuller Institute
Title: 2013 Buckminster Fuller Challenge Call for Proposals
Application Due Date(s): Entries accepted March 1st - April 12th, 2013

Summary

Proposals are invited for the 2013 Buckminster Fuller Challenge which is providing grants of up to \$100,000 to find a solution that has significant potential to solve one of humanity's most pressing problems. This program provides grants of up to \$100,000. This prize program is a call to the world's artists, scientists, designers, architects, engineers, students, and entrepreneurs committed to playing a transformative role in addressing the biggest issues we face today. Entries can span the spectrum of scale – from macrostrategies restoring and maintaining ecosystems necessary for life on earth to thrive, to community-based ventures that have global relevance. Entries can also span the spectrum of development stage – from well formulated concept, to proof-of-concept, to proven track record. Competence and commitment of the team behind the idea is more important.

Agency Name: NIH; National Institute on Aging ([NIA](#))
Funding Opportunity Number: PA-13-123
Title: Regional and International Differences in Health and Longevity at Older Ages (R03) **(Also has an R01 and R21)**
Application Due Date(s): Standard dates apply – aim for June 16th cycle

Eligible applicants: US domestic Institutions ; Non-domestic (non-U.S.) Entities (Foreign Institutions) **are** eligible to apply; Non-domestic (non-U.S.) components of U.S. Organizations **are** eligible to apply.

Summary

This Funding Opportunity Announcement (FOA) encourages Small Grant (R03) applications from institutions/organizations proposing to advance knowledge on the reasons behind the divergent trends that have been observed in health and longevity at older ages, both across industrialized nations and across geographical areas in the United States. This FOA is intended to capitalize on provocative findings in the literature which have been insufficiently understood and addressed.

Link to additional information

<http://grants.nih.gov/grants/guide/pa-files/PA-13-123.html>

Agency Name: NIH

Funding Opportunity Number: PA-13-117

Title: Mechanisms, Models, Measurement, & Management in Pain Research (R03)

Application Due Date(s): Standard dates apply - Aim for June 16th Cycle

Eligible applicants: US domestic Institutions ; Non-domestic (non-U.S.) Entities (Foreign Institutions) are eligible to apply; Non-domestic (non-U.S.) components of U.S. Organizations are eligible to apply.

Summary

The purpose of this Funding Opportunity Announcement (FOA) is to inform the scientific community of the pain research interests of the various Institutes and Centers (ICs) at the National Institutes of Health (NIH) and to stimulate and foster a wide range of basic, clinical, and translational studies on pain as they relate to the missions of these ICs.

Link to additional information

<http://grants.nih.gov/grants/guide/pa-files/PA-13-117.html>

Agency Name: National Institutes of Health ([NIH](#)); National Institute on Aging ([NIA](#))

Funding Opportunity Number: PA-13-058

Title: Pain in Aging (R01)

Application Due Date(s): Standard dates apply – aim for June 6th cycle

Eligible applicants: US domestic Institutions ; Non-domestic (non-U.S.) Entities (Foreign Institutions) are eligible to apply; Non-domestic (non-U.S.) components of U.S. Organizations are eligible to apply.

Summary

This FOA encourages Research Project Grant (R01) applications from institutions/organizations that propose to study pain from an aging perspective, including studies of older populations, studies of age differences and age-related changes in pain processes and experiences, and studies of pain treatment and management in older adults.

Link to additional information

<http://grants.nih.gov/grants/guide/pa-files/PA-13-058.html>

Agency Name: NIH; National Institute of Allergy and Infectious Diseases ([NIAID](#))

Funding Opportunity Number: PAR-13-061

Title: Research in latent tuberculosis infection (LTBI) in the setting of HIV Co-Infection (R01)

Application Due Date(s): Following cycles - July 25, 2013; July 25, 2014; July 24, 2015

Eligible applicants: US domestic Institutions ; Non-domestic (non-U.S.) Entities (Foreign Institutions) are eligible to apply; Non-domestic (non-U.S.) components of U.S. Organizations are eligible to apply.

Summary

The National Institute of Allergy and Infectious Diseases, at the National Institutes of Health invites grant applications which propose research to increase our understanding of the microbiologic adaptive mechanisms, host immunologic factors, and their interactions involved in the development, maintenance, and activation of latent tuberculosis infections (LTBI) with a focus on HIV co-infection.

CDC Funding for the Republic of South Africa

1. [CDC-RFA-GH13-1335](#), “Strengthen capacity of the South African Government's Department of Health to provide quality and sustainable care for HIV-infected patients with complicated HIV treatment needs, including alternative or salvage antiretroviral therapy”
2. [CDC-RFA-GH13-1336](#), “Comprehensive HIV & TB Prevention, Care and Treatment Services, and Systems Strengthening in facilities of South Africa's Department of Correctional Services under the President's Emergency Plan for AIDS Relief (PEPFAR)”
3. [CDC-RFA-GH13-1339](#), “Strengthening the evidence base and capacity for implementing HIV prevention, care and treatment programs in the Republic of South Africa under the United States Presidents Emergency Plan for AIDS Relief (PEPFAR)”

Application Deadlines are April 15th, 2013

Agency Name: National Institutes of Health ([NIH](#))

Funding Opportunity Number: RFA-AI-13-012

Title: Mucosal Environment and HIV Prevention (MEHP) (R01)

Application Due Date(s): July 25, 2013

Eligible applicants: US domestic Institutions ; Non-domestic (non-U.S.) Entities (Foreign Institutions) **are** eligible to apply; Non-domestic (non-U.S.) components of U.S. Organizations **are** eligible to apply.

Summary

The Mucosal Environment and HIV Prevention (MEHP) FOA is intended to support innovative proof-of-concept/feasibility non-vaccine biomedical prevention (nBP) research needed to support and advance the development of safer and more effective microbicides, Pre-Exposure Prophylaxis (PrEP), and Multipurpose Prevention Technologies (MPT). It will achieve this by supporting a better understanding of prevention candidates and strategy interaction with the micro- and macro-environments of the genital (male and female) and gastrointestinal (GI) mucosa. The MEHP FOA addresses the following 3 underserved emerging areas of Program interest: role of the microbiome in transmission/acquisition of HIV and candidate safety and efficacy, tissue responses to prevention agents, and the effect of genital secretions and hormones on susceptibility to HIV infection:
